Bridgeview, Illinois, USA, January 25, 2023- Imperial Crane Services, Inc.

Imperial Crane is proud to announce our mentor protégé alliance with MAC Construction, Chicago's only African American crane company. Our mentorship program started just over a year ago, in that time span "MAC" has acquired cranes, forklifts, aerial lifts and have completed projects throughout Chicago. MAC has been in the construction industry for 20 years and the mentor protégé alliance with Imperial, allows MAC access to an abundance of knowledge and expertise while providing highest levels of safety and service.

Aaron McIntosh, President of MAC Construction, says being heavily entrenched in the construction world, "I noticed an absence of African American people in the crane industry from ownership to operators". McIntosh is looking for change and improvement in these areas, and to prove it can be done.

Being around for over 50 years our commitment to excellence is the most integral component in our daily operations. We are dedicated to the highest standards in safety, service, and quality and continue to provide many more years of safety success.
